

Distech Controls' Eclypse Facilities Wins AHR Innovation Award

[Brossard, Quebec, Canada, October 28, 2024] – Distech Controls Inc., an innovative leader in intelligent buildings, announces its ground-breaking Eclypse Facilities has won a prestigious 2025 AHR Expo Innovation Award. Eclypse Facilities, which is a software solution embedded directly within Distech Controls' Eclypse devices, providing management and control for a variety of equipment types within buildings, has been recognized in the Building Automation category.

Charles Pelletier, Vice President, Product Management at Distech Controls, comments, "We are extremely proud and honored to receive the AHR Innovation Award for Eclypse Facilities. This endorsement of our solution is even more meaningful as it was judged by members of ASHRAE, the leading HVAC standards organization. It demonstrates that we are doing the right things to move the industry forward and help our partners and customers to make spaces smarter, safer and greener. Eclypse Facilities will transform the built environment by reducing Building Management System (BMS) complexity and delivering a robust, secure solution."

Eclypse Facilities

Eclypse Facilities is a game changer for system integrators, equipment manufacturers and leading digital partners who can leverage unparalleled openness and interoperability with Eclypse controllers to deliver advanced digital services. Eclypse Facilities streamlines the design, deployment, operation, and maintenance of sustainable, connected, and autonomous buildings with unparalleled efficiency.

Eclypse Facilities is available as part of a new suite of BMS solutions through Distech Controls. In addition to Eclypse Facilities, the Facilities software suite includes:

- **Atrius Facilities:** A cloud-based BMS software solution designed to enhance building operations and reduce energy usage.
- **EC-Net Facilities:** A software solution leveraging the Niagara framework both at the building controller and server level that specializes in advanced management and visualization of building devices across small to large portfolios.

Eclypse Facilities was previously known as Eclypse Building Intelligence.

The AHR Innovation Awards

Created by the organizers of the AHR Expo (International Air-Conditioning, Heating, Refrigerating Exposition), the AHR Innovation Awards acknowledge the manufacturers who are pioneering the future of HVACR. All entries are reviewed and selected by a panel of third-party judges made up of ASHRAE members and are ranked on overall innovative

design, creativity of the product or service offered, product or technology real-world application, as well as overall potential market impact.
