

## **QSC<sup>®</sup> to Offer Intelligent Building Solutions with Distech Controls<sup>™</sup> in India**

**Bengaluru, India** (December 9, 2025) – [QSC](#) to offer intelligent building management solutions with Distech Controls in India, enabling QSC India to engage in product sales, market development, trainings and technical support.

Over the years, QSC has demonstrated a strong commitment to the India market through continued investment and strategic growth. Beginning with the establishment of our local office, we have steadily expanded our presence, most notably with the launch of the Q-SYS<sup>™</sup> Experience Center in Bengaluru, where customers can now see Distech Controls solutions in action alongside Q-SYS integrations.

Distech Controls delivers a complete portfolio of open-protocol controllers, sensors, and software designed to optimize HVAC, energy, lighting, and other critical systems within a space. IP-connected controllers run on the Eclipse<sup>™</sup> Facilities software for secure, on-premise control. Eclipse Facilities works best in smaller portfolios; EC-Net Facilities supports multi-site environments; and Atrius<sup>®</sup> Facilities extends scalability with secure remote access for portfolio-wide management.

“India is one of the fastest-growing economies in the world, which is driving demand for smart buildings and intelligent spaces. As part of Acuity Intelligent Spaces, QSC now represents Distech Controls solutions, which can also be experienced firsthand at our new Q-SYS Experience Center. The initial feedback from the market has been extremely promising, and we see great potential in creating demand for Distech Controls in India.” says Rajesh Mittal, Vice President & GM, India & SAARC Region.

“We’re excited to expand our presence in India through QSC,” says Scott Hamilton, SVP of Sales, Distech Controls and Acuity Intelligent Spaces. “The growing demand for smarter, more connected buildings makes this expansion a key step in enabling system integrators to implement innovative solutions that provides better spaces, and better efficiencies.”

### **About Q-SYS**

Q-SYS is a full stack, audio, video, and control platform built around a modern, standards-based IT architecture. Since 2009, Q-SYS has been focused on delivering personalized, connected, and engaging AV experiences. Our solutions span corporate, education, hospitality, venues and events, government, healthcare, and transportation. By uniting hardware and software partners, developers, and creators, we’re redefining what’s possible for live and virtual experiences. Q-SYS is part of Acuity Intelligent Spaces, a business segment of Acuity Inc.

### **About Distech Controls**

Distech Controls connects people with intelligent building solutions through our disruptive Building Management Systems (BMS) and refrigeration controls, sensors, and software. For over 30 years, our open technology has made spaces smarter, safer and greener by focusing on end user outcomes. Distech Controls is part of Acuity Intelligent Spaces, a business segment of Acuity Inc. Visit us at [www.distech-controls.com](http://www.distech-controls.com).

### **About Acuity**

Acuity Inc. (NYSE: AYI) is a market-leading industrial technology company. We use technology to solve problems in spaces, light and more things to come. Through our two business segments, Acuity Brands Lighting (ABL) and Acuity Intelligent Spaces (AIS), we design, manufacture, and bring to market products and services that make a valuable difference in people's lives.

We achieve growth through the development of innovative new products and services, including lighting, lighting controls, building management solutions, and an audio, video and control platform. We focus on customer outcomes and drive growth and productivity to increase market share and deliver superior returns. We look to aggressively deploy capital to grow the business and to enter attractive new verticals.

Acuity Inc. is based in Atlanta, Georgia, with operations across North America, Europe and Asia. The Company is powered by approximately 13,000 dedicated and talented associates. Visit us at [www.acuityinc.com](http://www.acuityinc.com).
